H. REPORTS OF THE VILLAGE MANAGER, MAYOR & COMMITTEE CHAIRS:

  a. Worker’s Compensation Insurance – Insurance final audit saved $5,000.00 last year. This year we underestimated by and owe $12,843.00. This Budget Amendment Resolution will come to the March Regular Council meeting.

  b. Stormwater Phase V – Stormwater Phase IV (3 drains complete) did well with the recent heavy rains. Phase V (down the nature trail and up NW 5th Ave.) design complete. Met with contractor to go over pre-bid. March meeting he will bring it to the council for approval of contract.

  c. Charrette – Information sessions reminder for dates 2/28 and 3/16. Manager met with the County to get items cleared up.

  d. NW/NE 87th ST FDOT – It’s almost complete. An official close out audit is scheduled for 3/8. The contract ends this week, but there won’t be a need for
an extension request because the work that remains will not be billed to that project fund. A savings of $42,000.

e. **N Miami Avenue Medians** – He is aware that the palm trees that were planted are in shock. They are watering the plants with the water truck while an irrigation system is being laid down. He is meeting with the electrical contractor for up lighting. This project is not FDOT funded. It’s CITT money.

f. **Trees** – donation of four (4) oak trees.

g. **Bus benches** – CITT transit funded. Fast tracking project to spend funds will be to our advantage.

h. **LMS (Local Mitigation Strategy)** – The Mayor will attend the next meeting. The Manager was successful at getting them to include the stormwater master plan and seawall project in their projects. Now we’re on the list to receive monies.

i. **E-Civis** – The Manager is still looking for grants the Council may be interested in. We didn’t qualify for four (4) grants due ineligibility. We will work towards placing our departments in a better position to receive funding.

j. **Public Safety/ Town Hall Meeting** – The Mayor added that she will also report on that matter later. He said someone came up to him after the meeting and brought up a program called NextDoor to him. It’s a website where neighbors go to for information from their local government. This will help with communication. Emergency alerts and tips on crime can be placed on this site. It’s free to sign up and it will be discussed again at the Public Safety and Public Affairs committee meetings in March. The Mayor asked what is involved in the website. He answered that he did a search on Google for it.

k. **Fraud** – The Manager ended his report by letting the Council know that the Village was the victim of two fraudulent transactions made in the month of January in the Village’s name. He reported the transactions to Bank of America and the account is “on watch”. The attorney asked if we reimbursed for the first fraud transaction.

**H2. Village Attorney Reports** – Village Attorney Geller mentioned that a recent communication from the counsel for the trailer park was distributed to the Council. He wants to schedule an executive session that will tell the Village where they think they are.

**H3. Village Mayor Reports** – Mayor Black was pleased with the attendance of the town hall meeting. There were over 50 people present. She wants to combine NextDoor idea with the next CCW (Citizen’s Crime Watch) meeting. Lack of communication is something the Villager’s complain about.

**H3a. Lobbyist** – She went to Tallahassee for three (3) days and that just isn’t enough time to ask for funding. She wants to hire a lobbyist from month to month and recommends that the Village look for one. The Mayor met with EPA (Environmental Protection Agency) representatives and they said that they are an agency like SFWMD (South Florida Water Management District) that provides funding for projects. The legislative session starts next Tuesday. Councilperson Old asked for a particular project. She said the seawall.
suggested that the Council make a motion, so that searching for a lobbyist does not get passed over. He stated that we could add lobbying services to the current contract with the Village’s legal firm. The Village Attorney said his brother is up in Tallahassee and is a lobbyist. Vice Mayor Marcus asked what project the Village should focus on. The Manager suggested the Stormwater and Seawall project because we have a funding history and the design as already been completed. The Mayor asked the Clerk to break down construction of the project into phases for purposes of the presentation. Councilperson Nickerson made a motion to allow the Manager to use up to $5,000.00 towards the procurement of a lobbyist.

**Motion:** to allow the Manager to use up to $5,000.00 towards the procurement of a lobbyist,

Councilperson Old added that we should probably it’s a decent return on the investment. Mayor Black said that some lobbyists receive a half a million dollars and we’re getting good deal. The Vice Mayor added that the clerk should have the quotes received on record. The Manager added that the village did go out to bid for lobbying services before and the lowest quote received was for $12,000.00.

The Manager said that once appointed they can choose when and how often they will meet. Councilperson Cubillos wanted to know if there was a length of time in which they have to complete this review. Councilperson Old said it wasn’t specified, but that it depends on several factors. The Manager said realistically speaking they should be given a year and a half to go through everything. You would want them to come back with their recommendations in April 2014 in order for them to be placed on the ballot for November. The Vice Mayor will have to check with her appointee before recommending them. The Mayor selected Dr. Anna Ward Garmon. Councilperson Nickerson also wants to verify with the resident.
