H. REPORTS OF THE VILLAGE MANAGER, MAYOR & COMMITTEE CHAIRS:

H1. Village Manager Reports - Jason Walker

a. NW/NE 87th ST FDOT – Officially accepted by FDOT today and we should be receiving our 100% reimbursement in the remaining amount of $43,000.00.

b. N Miami Avenue Medians – Issues with the electrical and plumbing contractors are causing some delays. These contractors were originally selected along with Horizon. By end of April everything should be complete. The sign isn’t finished because he doesn’t want to damage the sign when the electrical and plumbing go in.

c. Annexation – The MDC has accepted the Village’s application for the two land areas. Jason Rodriguez has been assigned to the application and it has been forwarded to the relevant department heads. Once they review it, it will come back to the Village with comments. The Village will respond and then it will go to six (6) other departments. It will take six (6) – seven (7) months to complete. The Manager said that the county assured him that our application was one of the simplest they have so there shouldn’t be a problem getting it through.

d. Stormwater Phase V – We received two bids last month and there is a meeting scheduled on Monday with them. The recommendation for a contractor will be brought to the April meeting. We are still going through the permitting process with DERM. The Village replied to their comments yesterday. The DERM permit will hopefully be in by the end of next week. It appears that there will be a
significant savings from what was anticipated. One of the contractors came in extremely low.

e. **E-Civis Grants** – We researched three grants this month. One was for seawall/stormwater funding, but both Broward and Miami-Dade counties were not included. He also looked into exploitation of the elderly at the direction of the Mayor at the last meeting. The application is due by May 15th, but he wants to sit down with the Mayor, Robert and the Police Chief to see if a program can be designed to apply for the DOJ grant. The last grant that was looked at was the Veteran’s hiring grant and although the deadline passed; the grant is on the tickler list for next year. The DOJ will pay for three year’s salary if the Police Department hires a Veteran.

f. **Charrette** – Two public info workshops were held and there was a good turnout of about forty (40) people at the last one. The date for the actual Charrette kick off was set for May 4th. The previously approved ad was placed in the Biscayne Times. He asked all present to bring everyone they can. He then asked Councilperson Old if he wanted to add anything. He also asked everyone in the audience to bring as many people as they can.

g. **Nextdoor.com** – Comments have been made by the Mayor and the Chief. He asked all to go to the site and sign up. The site is updated often.

h. **FY 2011-12 Audit** – He thanked everyone who has worked closely with the Auditors because audit month is a busy month. He will have the audit report findings ready at April’s meeting.

i. **Mid-Year Budget Amendment** – He will send out an email requesting any additions or removals that the council would like to see from the budget. He added that we will be constrained by what savings have been found if anything wants to be added.

j. **Biscayne Park Acquisition Group** – The sewage problem is still an issue and the method they are currently using to remedy the situation is inadequate. The Manager told BPAG this at their last weekly meeting and the BPAG representatives stated that they will bring this to the attention of their managers. Pumping needs to be increased. Councilperson Old added that he wants BPAG to be proactive with the pumping of the septic tanks rather than their reactive stance thus far. He asked them to also clear debris from around the trailers. The Manager said that BPAG’s lawyer (Mr. McNally) agreed to attend their weekly meetings at least once a month in order to better coordinate efforts with the Village. The Mayor asked if we were still demolishing the trailers. The Manager said we still are and that the park is down to 176 trailers. Councilperson Old added that there are some that are vacant and uninhabitable, but that they’re down to the 170’s. The Manager added that they’re winding down.

k. **Laundromat excavation (8370 Biscayne Blvd.)** – They are on hold because we’re waiting on approval from DERM before they can continue. They should’ve gotten the permit to begin with. Once we receive the approval, our building official can sign off on the permit and he hopes that they will be done with excavation by Saturday.
1. **Park improvements** – He is aware that improvements need to be made to the park, but the issue is lack of money. The bids we received were over the estimated amount of $4-5,000.00

m. **Lighting issue** – There is an issue in the Trailer park and two other areas. There are 2 residents opposed to more light,
   1. Harry Payne, 180 NW 87th ST, El Portal, FL – He handed out a copy of the lighting study El Portal did. He pointed out that NW 1st and 2nd Avenue need more light. A 150w bulb was suggested, but he would settle for a lower wattage in order to compromise with the neighbors.
   2. Maribel Fruitstone, NW 88th ST, El Portal, FL – She doesn’t feel safe running early in the morning because it’s dark where the lights are out or there are none.
   3. Saranette Bulbin, 151 NW 87th ST, El Portal, FL – She arrived after Mr. Payne spoke asked for a brief summary of what was discussed. The Mayor gave a summary. She is requesting shields be put on the light by her home. She claims there is no crime on her street and wants the shield put back on the light because it was there for twelve (12) years before FPL came to remove it. She also says there are two (2) other neighbors who don’t want so much light. She thinks compromise is needed and made some suggestions. Mayor Black thanked her and Councilperson Old mentioned an effort in Chicago to introduce “environmentally conscious” lights. He wanted to know if FPL has something similar. The Manager said that when doing the study FPL brought up the fact that all wattage’s must be the same to avoid lawsuits from drivers.

H2. **Committee Chair Reports**

   a. **Public Affairs** - Vice Mayor Marcus reported that the Easter Egg Hunt was a success. She thanked the Police Department. The Armed Forces Day 5K is the next large event scheduled. She thanked Councilperson Cubillos for spearheading the event.
   b. **Public Works** - Chairperson Omarr Nickerson was absent.
   c. **Public Safety** - Chairperson Daisy M. Black, Chief, and Councilperson Old spoke.
   d. **Code Enforcement** - Chairperson Adam Old spoke about swale materials
   e. **Planning & Zoning** - Chairperson Daisy M. Black said that the Manager went over most of what was on her report.
   f. **Administration & Finance** - Chairperson Claudia V. Cubillos was absent.

H3. **Village Mayor Reports** – Mayor Black spoke about her meetings in Tallahassee. The lobbyist wasn’t there. She said Sen. Margolis presented water projects that were outside of her district. Construction phases breakdown with Mr. Walker. Federal matching dollars are needed. Councilperson Old asked the Mayor if she had received a report from the lobbyist. Mr. Walker answered. Submitted report to MDCLC.
