

NOTICE

REGARDING CHANGE IN RATE FOR CURBSIDE RECYCLING FY 2020-2021

Please note that Section VI: Payments of the Interlocal Agreement for Inclusion in the Miami-Dade County Curbside Recycling Program allows for an adjustment in the monthly fee paid by the Municipality to the County based on the increase or decrease in the Consumer Price Index (CPI), All Urban Consumers, South Urban, All items, annual average during the previous Service year, not to exceed three percent (3%).

The percent change in the CPI for this period is calculated at 0.29 percent (0.29%). The calculation for the new rate is:

$$\$2.81 \text{ (per household per month)} \times (1.0029\%) = \$0.01$$

$$\$2.81 + .01 = \$2.82$$

All invoices issued for service from October 1, 2020 through September 30, 2021 will reflect this rate.

Thank you for your participation in the residential, single-stream, curbside recycling program. If you have any questions regarding this new rate, please contact Jeanmarie Massa, Recycling Manager, Miami-Dade County Department of Solid Waste Management either by email at massaj@miamidade.gov or by phone at 305-790-2295.
